

A decorative graphic on the left side of the slide, consisting of a network of thin, light blue lines and small circles, resembling a circuit board or a stylized tree structure.

NORTH CAROLINA EMERGENCY MANAGEMENT ASSOCIATION

MEMBERSHIP COMMITTEE

MEMBERSHIP COMMITTEE

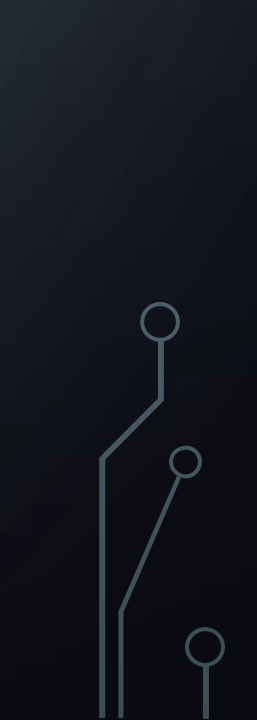

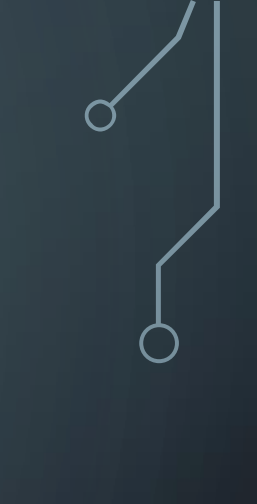

- Zach Shean
- Kent Greene
- David Breedlove
- Jordan Rink
- David Hesselmeyer
- Gene Booth
- David Marsee

DUTIES:

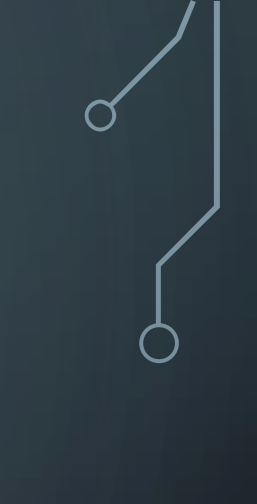

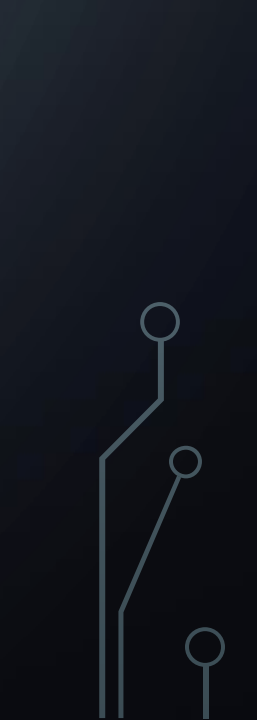

Make recommendations concerning the development and maintenance of a strong, active membership and actively seek new members in all membership categories of the Association.

Committee members will oversee Association marketing strategies in order to increase membership and will provide information to other agencies, associations, businesses, and individuals regarding the significant role the Association plays in furthering effective “emergency management” throughout our State.

FEE SCHEDULE

- Active Member: \$200
 - Corporate Member: \$250
 - Student Member: \$25
 - Memberships for NCEMA are for the calendar year and need to be renewed January 1 of each year.
- 
- 
- 

How Are We Organized

Membership Categories:

Active Membership: Practitioners or researchers in the field of emergency management. Active members shall have voting privileges equal to one vote per organization.

Corporate Membership: Any individual from any commercial or business entity having interest in emergency management activities.

Student Membership: Any individual enrolled in a Community College, College or University having interest or course of study in Emergency Management activities.

Regionalization:

Organized into three administrative Regions to further our goal for Association representation and participation from throughout our State.

NORTH CAROLINA EMERGENCY MANAGEMENT ASSOCIATION

Who We Are

The North Carolina Emergency Management Association (NCEMA) is a professional organization dedicated to providing leadership and expertise in all fields of emergency management. It was organized in the mid-1960's to support the profession of emergency management within North Carolina through (1) coordinating member efforts to protect the lives and property of all persons within North Carolina, (2) improving standards, practice and effectiveness of emergency management activities in North Carolina and (3) coordinating communications between local, state and federal emergency management partners.

Benefits of Becoming a Member

Awards and Scholarships

NCEMA conducts an annual awards and recognition program for both local and state emergency managers; and for those outside these agencies who exhibit outstanding support and leadership to our local emergency management agencies. In addition, the Association will award a scholarship to one or more current NCEMA members to support their higher education academic pursuits.

Networking NCEMA provides members with an opportunity to meet, train and work together with other local, state, regional and federal partners; building professional relationships as well as friendships.

Mentoring Program

NCEMA has implemented a mentoring program to provide valuable support, career guidance, role modeling and an open communications channel with individuals who have recently joined the ranks of our local emergency management community.

Legislative Advocacy

NCEMA works hard to keep our elected representatives in both Raleigh and Washington aware of activities within the North Carolina emergency response community; as well as reviewing with them federal and state level emergency management issues of concern.

Leadership Opportunities

NCEMA offers opportunities for its members to serve as officers within our Executive Committee and as chairmen of nine additional committees; leading efforts to guide our Association as it promotes state-wide emergency management issues.

Collaboration NCEMA has developed and maintains collaborative relationships with the many and varied emergency management focused elements across North Carolina; including local, state, academic, military, public health and hospitals, and private industry.

Conferences and Training

NCEMA conducts two state-wide emergency management conferences each year. The conference programs include a wide variety of presentations filled with timely information concerning all aspects of emergency management.

Professional Development

Each NCEMA membership benefit discussed above will provide you with a wide variety of opportunities to earn or maintain professional credentials, increase your responsibilities, collaborate with emergency leaders across our State and expand your participation within your emergency management profession.

Newsletter/Website

NCEMA also publishes a bi-weekly newsletter filled with timely information concerning ongoing activities, policy changes and available opportunities as well as emergency management related job openings. In addition we maintain a website providing organization information and activity photographs; along with selected resources for exclusive member use..
